The Foundation for a Sustainable Society, Inc. (FSSI) is a social investment organization that supports enterprises creating positive social and environmental outcomes while building sustainable livelihoods.

We champion the **Triple Bottom Line (3BL)**—**People**, **Planet**, **Profit**—to ensure that every enterprise we support delivers meaningful social impact, environmental responsibility, and long-term financial sustainability.

In the agriculture sector, we provide financing and capacity building to help enterprises expand, adopt innovative practices, and manage resources responsibly, strengthening their operations and enabling lasting results.
